As the dust settled on Port-au-Prince, hope was the last thing anybody could see. When the earth shook, his whole neighborhood disappeared. Now a boy and his mother are living in the soccer stadium, in a shelter made of tin and bedsheets, with long lines for food and water. But even with so much sorrow all around, he finds a child playing with a soccer ball made of rags. Soon many children are caught up in the magic of the game that transports them out of their bleak surroundings and into a world where anything is possible. Then the kids are given a truly wonderful gift. A soccer ball might seem simple, but really it's a powerful link between a heart-broken country's past and its hopes for the future. Jesse Joshua Watson has created an inspiring testament to the strength of the Haitian people and the promise of children.

With their intense lyricism, Meena Alexander's poems convey the fragmented experience of the traveler, for whom home is both nowhere and everywhere. The landscapes she evokes, whether reading Bashō in the Himalayas, or walking a city street, hold echoes of otherness. Place becomes a palimpsest, composed of layer upon layer of memory, dream, and desire. There are poems of love and poems of war—we see the rippling effects of violence and dislocation, of love and its aftermath. The poems in *Birthplace with Buried Stones* range widely over time and place, from Alexander's native India to New York City. We see traces of mythology, ritual, and other languages. Uniquely attuned to life in a globalized world, Alexander's poetry is an apt guide, bringing us face to face with the power of a single moment and its capacity to evoke the unseen and unheard.

Basho, one of the greatest of Japanese poets and the master of haiku, was also a Buddhist monk and a life-long traveller. His poems combine 'karumi', or lightness of touch, with the Zen ideal of oneness with creation. Each poem evokes the natural world - the cherry blossom, the leaping frog, the summer moon or the winter snow - suggesting the smallness of human life in comparison to the vastness and drama of

nature. Basho himself enjoyed solitude and a life free from possessions, and his haiku are the work of an observant eye and a meditative mind, uncluttered by materialism and alive to the beauty of the world around him.

This vibrant picture book is a lyrical lullaby capturing the instant bond between children and parents at the moment of birth. Filled with evocative art, *When I First Held You* will become a "read to me" classic.

'It was with awe That I beheld Fresh leaves, green leaves, Bright in the sun' When the Japanese haiku master Basho composed *The Narrow Road to the Deep North*, he was an ardent student of Zen Buddhism, setting off on a series of travels designed to strip away the trappings of the material world and bring spiritual enlightenment. He writes of the seasons changing, the smell of the rain, the brightness of the moon and the beauty of the waterfall, through which he sensed the mysteries of the universe. These writings not only chronicle Basho's travels, but they also capture his vision of eternity in the transient world around him. Translated with an Introduction by Nobuyuki Yuasa

The Cambridge History of Japanese Literature provides, for the first time, a history of Japanese literature with comprehensive coverage of the premodern and modern eras in a single volume. The book is arranged topically in a series of short, accessible chapters for easy access and reference, giving insight into both canonical texts and many lesser known, popular genres, from centuries-old folk literature to the detective fiction of modern times. The various period introductions provide an overview of recurrent issues that span many decades, if not centuries. The book also places Japanese literature in a wider East Asian tradition of Sinitic writing and provides comprehensive coverage of women's literature as well as new popular literary forms, including manga (comic books). An extensive bibliography of works in English enables readers to continue to explore this rich tradition through translations and secondary reading.

This book has a dual purpose. The first is to present in a new English translation 255 representative hokku (or haiku) poems of Matsuo Basho (1644-94), the Japanese poet who is generally considered the most influential figure in the history of the genre. The second is to make available in English a wide spectrum of Japanese critical commentary on the poems over the last three hundred years.

A journey into darkness and back to the light. The Moon makes it look so easy. In *Moon Full of Moons*, Kat Lehmann skillfully

paints a journey from happiness lost to happiness found. This beautifully organized collection of poems is sequenced with the Moon's phases, which provide a touchstone for personal transformation. Musical, honest, and accessible, these poems create an inspirational and powerful body of work. The delicate, rich imagery transports the reader from enchanting and whimsical songs of childhood innocence through a struggle in the darkness to the powerful decision to shift the balance toward a new happiness. In these pages, she carries the reader through the wonder of beauty and language, an imaginative sailing on the Crescent Moon, and the subtle internal changes that lead to overcoming obstacles and emotional survival. Kat Lehmann demonstrates a mastery of patient observation and an openness to the teachings of nature - both internal and external - that are contained in the smallest of moments. The highly personal is described in terms of the universal. The result is tender, uplifting, insightful, and challenging. It is self-help expressed as poetry, with an impassioned call to embrace the meditative, find acceptance, and live.

"In this, his final work, American senior Zen Roshi Robert Aitken lovingly ties together two threads, Zen practice and haiku." —Spirituality & Health Known to many as the study of quiet stillness and introspection, Zen Buddhism distinguishes itself through brilliant flashes of insight and its terseness of expression. In *River of*

Heaven these concepts and pillars lend themselves to an exploration of Haiku, one of the most delicate and interpretive poetic forms in the world. The haiku verse form, with its rigid structure and organic description is a superb means of studying Zen modes of thought because its seventeen syllables impose a limitation that confines the poet to vital experience. In Haiku as in Buddhism, the silences are as expressive as the words. In this volume, American Senior Zen Roshi Robert Aitken gives new insight into Haiku by poetic masters Basho, Issa, Buson, and Shiki. In presenting themes from Haiku and from Zen literature, Aitken illuminates the relationship between the two. Readers are certain to find this an invaluable and enjoyable experience for the remarkable revelation it offers. "I am grateful for Robert Aitken's enthusiastic sharing of poems in *The River of Heaven*, together with his rich personal and cultural perspectives. It is a book where the author joyfully calls each of us as readers to share in the transcendent joys of haiku." —Juxtapositions "Aitken mines the meanings in these brief gems about nature, impermanence, travel, awareness, silence, beauty, being present, the turn of the seasons, and much more." —Spirituality & Practice

Matsuo Basho (1644-94) is considered Japan's greatest haiku poet. *Narrow Road to the Interior (Oku no Hosomichi)* is his masterpiece. Ostensibly a chronological account of the poet's five-month journey in 1689 into the deep country north and west of the old capital, Edo, the work is in fact artful and carefully sculpted, rich in literary and Zen allusion and filled with great insights and vital rhythms. In Basho's *Nar-*

row Road: Spring and Autumn Passages, poet and translator Hiroaki Sato presents the complete work in English and examines the threads of history, geography, philosophy, and literature that are woven into Basho's exposition. He details in particular the extent to which Basho relied on the community of writers with whom he traveled and joined in linked verse (renga) poetry sessions, an example of which, *A Farewell Gift to Sora*, is included in this volume. In explaining how and why Basho made the literary choices he did, Sato shows how the poet was able to transform his passing observations into words that resonate across time and culture.
